REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The feature of the control means used to regulate the effective load impedance presented to the generators in accordance with the strength of the prevailing wave motion acting upon the float being such as to ensure that the electromagnetic damping of the motion of the armature of the generator is always such as to optimize the generation of power, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
